Step 3: Connect your LG webOS monitor with the Gauddi license

Before you can connect to Gauddi CMS, you will need to carry out two previous steps: the first one is setup your LG webOS monitor and the second one is to install the Gauddi software on your monitor. Finally, you connect your monitor to Gauddi CMS.

Open cms.gauddi.com (option 1)
1. Prior to this installation you purchased a license. If not, you can still do so through by sending an e-mail to info@gauddi.com.
2. Open a browser on your phone or desktop computer and head to cms.gauddi.com. Login using your credentials.
3. Go to the top right corner and click **register player**. Enter the registration code, this is the 8 digit number on the LG monitor. Give your monitor a name.
4. Press **register**. Your monitor will automatically connect with the Gauddi cms.
5. You can start creating and scheduling professional-quality campaigns. Need help? Watch our How-To-Video on how to create Campaigns & Playlists.

Received a code from Gauddi (option 2)
1. Please make sure you see an 8 digit number on the LG monitor. Press **8, 8, 8, 8** on the remote.
2. Now you can enter the code you have received from Gauddi. After entering, press **"OK"**. The system will confirm that the LG monitor is registered to the Gauddi CMS.
3. Open a browser on your phone or desktop computer and head to cms.gauddi.com. Login using your credentials.
4. You can start creating and scheduling professional-quality campaigns. Need help? Watch our How-To-Video on how to create Campaigns & Playlists.
